

## "Dreamlure" Theme of 1953 Prom; Radio, TV Shows Are Possibilities

"Dreamlure" has been chosen as the theme for this year's prom, which will be staged May 22 in the Duluth Armory, according to Carol Ink, publicity chairman.

A complete sell-out of 900 tickets is expected, since one of the top bands in the country is engaged for the affair. Tickets will be made available to the 3,000 alumni one week after they go on sale to the student body. Consequently, students are advised to buy their tickets before they are made available to alumni. No tickets will be sold at the door.

A convocation is scheduled for April 7 at 11:00 a. m. to advertise the prom. UMD may also gain considerable publicity from the dance if current talk about a national radio hookup and local television materializes.

Jerry Cook heads the committee chairmen which include

Duane Eicholtz, treasurer; Peggy Woods, arrangements; Dick Beckman, band and radio; Jeanne Holmstrand and Dick Ojakangas, decorations; Dick Gay and Dale Olsen, tickets; Carol Ink, publicity; Joan Sullivan, purchasing agent; and Elizabeth Birch, convocation.

The advisors are Dr. Chamberlin and Mr. Hansen.

## Co-education Featured On New Peruvian Campus

Dr. Antonio Aveline Cook of the National Teachers' college, Lima, Peru has been observing UMD personnel operations during the last few weeks.

Dr. Cook, an acquaintance of Dr. Chester Wood, UMD director of student personnel services who recently returned from Peru, has been a co-ordinator in the Point 4 education program Lima.

Next fall in Peru — which means April 1 in the U. S. — he will assume the directorship of the student personnel services at the new Central normal school at Chosica, 25 miles from Jeru, when it is completed. The school is intended to provide teachers for Peru's under-manned elementary and secondary schools.

Co-education — with restrictions — will be one of the newest features of the school. Young men and women will have some classes together, but the coeds will dine in a different cafeteria, have a separate administrative center, and reside on their own campus.

Influenced by a long tradition of European learning, Peru is still geared to classical education as contrasted to American stress upon utility and direct application of learning. The American influence is making deep inroads, however. In contrast to the former custom of completing one's education in Europe, graduate and technical training in America is especially desired nowadays.

PAUL DOKTOR

LEO NADELMANN

PROM BAND IS ?  
Find out April 7.

## Doktor, Nadelman, Joint Performers In Concert

Two world-famous concert artists, Paul Doktor and Leo Nadelmann, will present a joint concert next Thursday in the auditorium as part of the University concert series. The program will begin at 8:15 p. m.

Doktor will perform with both the violin and viola, and Nadelmann on the piano. Their concerts consist of solo performances with Nadelmann accompanying Doktor in both viola and violin selections. They have also made special arrangements of concert music for their duet selections.

Doktor, [who immigrated to the United States in 1947 from Switzerland, won the first prize in the 1942 international music competition in Geneva. He is the only violinist to have won that honor.

He has been an instructor at the University of Michigan, guest soloist with most of the important orchestras in the United States, and a member of the New Friends of Music orchestra and string quartet.

In 1947, Doktor appeared as soloist at the Library of Congress in Washington, D. C. and the Berkshire music festival in Tanglewood. The following year, he performed in the Festival of American Music in New York City.

Nadelmann is Switzerland's finest concert pianist and its most promising composer. As a composer, he works in the modern idiom. His compositions are well-known in Europe and will soon be published in the United States. He came to the United States in 1946.

## Sheet Garbed Misses Set Style for a Day

Flash! The word is out as to what the well dressed co-ed of the future will wear. But, if some of these designers could have seen any of Sigma Psi Gamma's pledges on Feb. 25, they probably would have fought to get passage on the first spaceship to Mars.

You'll probably remember seeing the 13 charming young ladies on campus last week gowned in a sheet, wearing a high heel and a man's shoe along with about six other items designed to make a young miss attractive.

This garb was just part of the sorority ruff initiation. The other part took place on Thursday night at Lafayette Square on Park Point. Here the pledges entertained the members by telling jokes, singing songs and displaying their physical strength in the form of such exercises as sit-ups and push-ups.

The pledges were also required to compose original "good morning" messages to all the members the week preceeding the "ruff" and had been getting the signatures of the 31 active members on their eggs since Feb. 16.

The formal initiation was held at the Athletic club last night. Pledges are: Sandra Hector, Barbara Young, Mary Peterson, Marilyn Lyons, Nancy Sundby, Becky Thomason, Joan Kobe, Jaonne Eilers, Molle Demarais, Pat Beckman, Marlene Lindstrom, Audrey Holmes, Joyce Nicolson.

## Initiates Hobble In Upside Down Skirts

You've no doubt heard of people who do everything backwards. Well, Sigma Phi Kappa varied the old adage and came up wearing their clothes inside out last Friday.

If you'd like to know which group are Sigma Phi Kappa pledges—they have been wearing green funnel hats the last week or so. These novel hats are only part of their initiation. Their ruff initiation took place last night. It was the pledges duty to entertain the members—they did!

Sigma Phi Kappa met their pledges at a Pot Luck supper held at the home of Carmen Kehtel on Feb. 19.

Their formal initiation will take place next Tuesday evening. The site has not been disclosed. Pledges are: Shirley Christianson, Ann Cook, Mary Jo LeTourneau, Marileau Latto, Gladys Rapana, Edythe Oman, Shirley Ambrozich, Marilyn Brown, Jeanette Bilye, Barbara Peterson, Ludell Lindquist, Helen Bowes, Marion Hendrickson and Shirley Olson.

## Lois Johnson, Violinist, Presents Recital Sunday

Lois Mae Johnson, UMD student majoring in music, will present her senior violin recital at 4 p. m. Sunday, March 8, in Tweed hall, Twenty-third Avenue east and First street.

Aurdey Johnson, Nelson, Minn., will be Miss Johnson's accompanist. Assisting artists will be Ralph Anderson, Duluth, violinist, and Etta Gilleland, Duluth, 'cellist.

The three artists will present E. Dohnanyi's "Serenade." Miss Johnson also will play Beethoven's Sonata No. 3, Ernest Chausson's "Poeme," Henri Wieniawski's scherzo, "Taran-tello," and Chopin's "Valse" in B Minor and "Nocturne."

## Gamma Theta Phi Initiates Members; Bill Krueger Addresses Banquet

Ten new members were initiated into Gamma Theta Phi, campus social fraternity, last week end. The "ruff" initiation was held last Friday and the formal banquet Saturday night.

The new members are Theodore Biele, Gene Gruba, Hartley Hall, Donald LaLonde, Dennis LaRoque, William Randall, Willard Schadewald, Duane Sermon, Neil Waldo and Kenneth Wisneski.

Chairman of the "ruff" committee was Rod Spearin. He was assisted by Jim Anderson, Bruce Halvorson, Ron Jacott, Ken Kulus and Jack Wangenstein. Bob Chabot and Bernie Dinner were pledgemasters.

Radio commentator Bill Krueger from KDAL was the guest speaker. He spoke on the subject "Communism".

## Variety Show Abolished; Sweetheart Crowned At Ball

When John Sherman and his crew of ROTC ticket salesmen start invading the campus next week, all students for the first time will have a chance to attend one of the social highlights

of the spring quarter.

The Military Ball is the high ranking social function staged annually during the spring quarter by Arnold Air Society. It is at this dance that a "Sweetheart" is named to reign over ROTC activities for the coming year. The Ball this year will be the fourth of the series and will be held at the Hotel Duluth, April 18. Students attending for the first time can expect an evening they will never forget.

Final judging will not take place at a variety show this year, but rather the candidates will be interviewed at a tea, April 14, and final judging will be done at the combined dance and show. The girl who is chosen will be crowned by the present Sweetheart, Mary Ann Ehlers, and will be presented with a bouquet of flowers by Cadet Colonel Bernard Dinner.

There will be two ROTC representatives on the judging panel this year, one an advanced

and the other a basic student. The advanced cadet will be chosen by the Arnold Society and the basic student will be elected at a rally in the auditorium on April 1 at 7:30 p. m. The rally will consist of an election with every basic student present voting. A movie, coffee and doughnuts will follow. Other judges will be Carol Wick, Miss Minnesota; Hunter Como and Jay Lurye.

In past years it has been an exclusive ROTC affair. The formally attired cadets witnessed the coronation of Sweethearts Janet Dow in 1950; Beverly Evans in 1951 and Mary Ann Ehlers in 1952. Sybil Wainstock was Sweetheart in the absence of Beverly Evans in 1951.

Lloyd Marchand, commanding officer of the Arnold Air Society, extends a special invitation to all students to attend. Tickets may be purchased from any ROTC member or at the booth on first floor, Main.

MISS MARY EHLERS, "Sweetheart of the Corps" in 1952 is shown being crowned by Miss Sybil Wainstock, 1951 queen. Attendants are Janet Nelson (left) and Shirley Leiviska. (Photo by Moran)

## LITTLE MAN ON CAMPUS

by Dick Bibler

"Who th' heck turned this in for criticism?"

## UMD CAMP and US by Dick Wallin

If you can convince people that you are capable of keeping a secret, they will usually let you in on what they know. So, convince 'em we did. And we aren't telling a soul that the Prom band is one of the following: Hugo Winterhalter, Guy Lombardo, Ray Anthony, Billy May, or Ralph Flanagan.

It would be sorta nasty too, if we went on to say that according to Record News, this band "maintains its position as the Number One Band in the Land. Teenagers and business people dance

side by side" to his music. Wonder where that puts the college students.

In a whisper we'll say that our Prom band placed first in the 27th popularity poll on Martin Block's WNEW "Make Believe Ballroom" in New York during March of '52.

Better purchase your Prom tickets as soon as they go on sale even if you have to use the installment or lay-by plan. We mentioned last week that tickets will be \$3.50 each, but actually we'll be paying better than four dollars per ticket. Simply because the Prom committee has been allocated \$850 of our social activities fee.

Which reminds us of the "free" dance that Phi Delta Pi put on Wednesday night. We paid for it—through the social activities fee. Let's face it, free activities around college are few and far between. We're not saying this could be different or even should be different, but when an organization is using student money for a dance, even when the amount is small, they should not advertise the dance as being free. It would be better to advertise it as having no admission charge.

Another word on the hockey team which will either tie for or be sole possessor of the conference championship, depending upon the official announcement yet to come. The line of Mitchell, High and Apostol had only one penalty going into the St. Thomas game. In that game they collected two. Four games followed but nary a penalty for these boys. They ended a twelve-game season with one penalty apiece.

Keep March 13 in mind as the day when a student referendum vote will be taken for student approval of the new Student Council constitution. Take time and decide for yourself whether or not the revision plan is a wise one. Then vote intelligently.

dw

University Chorus, Allen L. Downs, director, will be heard in a varied program of a cappella numbers, next Tuesday evening, in the UMD auditorium.

## Students Say

Who are the poorer drivers, men or women?

Delores Herold (Jr) Duluth

Speaking as a qualified woman driver, I say that men are definitely the worst.

Roy Meyers (Jr) Cable, Wisc.

As a whole, I think women are poorer drivers because of their lack of experience behind the wheel.

Joan Wallin (Soph) Battle Lake

Women are much more conscientious than men but get nervous more easily than men do. A nervous man driver, however, is one of the worst things there are.

Jean Thompson (Soph) Grand Rapids

Men drivers are more reckless than women but, on the whole, are probably better all-around.

Irma Tufvander (Jr) Tower

Men, naturally!

Bill Halada (Jr) Duluth

Women are the worst—they just don't know HOW to drive, that's all.

# Engaged Chronicle Editors Guide UMD Yearbook Fortunes for 1953

BY ALICE NIEMI

Deadlines—pages to do over—and pictures that won't stick; to mention only a few of the headaches faced by the Chronicle staff. They're in the midst of their busiest time.

The Chron office, which seems to be a popular meeting place for many clubs on campus, is always full of confusion and noise. Even the ceiling is slowly falling apart (a new crack appeared after last week's snowfall) and the

staff is getting frustrated and jumpy. Gerri McDowell who is the picture editor has reached the breaking point and jumps at any little noise.

Seriously though, the deadlines are being met—under the direction of Charlotte Johnson, senior editor and Nancy Schroeder, junior editor. The system of having a junior and senior editor was devised in order to have one person placed on the staff who is familiar with the work.

The buildings on campus will be the theme of the book. For example, Old Main will include the Social Studies department; Olcott and Tweed, the music and art, and the new Science building will be the background for physical education, sports, mathematics and science.

Modern art with modern design plus color will add to the appearance of the Chronicle. Betty Lou Brown, art editor, and Jim Matteson are working on this.

Barbara Bowman, literary editor, is tearing her hair over the city-wide "Y" team council. Ken Moran, photographer, is beginning to use navy jargon in preparation for his naval duties next summer. Also included on the staff are six engaged girls (is this of any significance?) and a politician, Dale Olsen.

Despite the distracting influences such as Nancy's letters to Japan and Charlotte's furniture purchases, the Chron will come through by June 5. More copies were sold than ever before with Dennis LaRoque as high salesman.

## NOTICE

This is the last issue of the Statesman for the quarter. The first issue of Spring Quarter will be out on April 10, 1953.

## PERSONALITY PROFILE

By VERN SIMULA

STATESMAN sports headlines during the winter of 1953 read: HITI SETS SCORING PACE IN COMEBACK CHUCK HITI SETS SCORING PACE FOR BULLDOGS

The stories that followed related how the smooth-working Hiti in close cooperation with his teammates marked up counters for the Bulldogs.

CHUCK HITI

While a junior in high school, Chuck became ineligible for the basketball squad because he preferred to play hockey. He was also a three year man in football for Gilbert.

Eating Eveleth JC, Chuck played basketball there and produced two fruitful years. One of his best point production nights was in a game against Brainerd JC when 46 points flowed through the hoop. Charlie wound up with an All Conference berth in the JC circuit.

Chuck played football for the two years he was at Eveleth JC and also a year of tennis. During the summer, he plays softball in the city senior leagues in Gilbert.

Actually living in Sparta, a small mining town a few miles from Gilbert, Chuck comes from a family of seven boys and three girls. He has worked in the mines during the summer, but last summer he went to California to find work because of the steel strike.

## UN Effective Potential Power In Today's International Events

By GRANT MERRITT

Following are a few general highlights and impressions of my recent trip East. It was my good fortune to spend parts of two days at the United Nations situated along New York's East River. As I stood on this bit of soil made forever international, I couldn't help but experience a thrill and sense of hopeful contemplation upon the world's chances for peace.

Picture, if you can, the concave shaped Assembly Building whose slow, sweeping lines stand in sharp contrast to the 39-story, rectangular shaped Secretariat Building. After having looked at these impressive buildings, toured them, sat in on a meeting of the Economic and Social Council, and discussed and questioned the functions of the UN, I have become convinced of the United Nations' already existing effectiveness and its potential for greater accomplishments.

To be sure, the UN has its shortcomings. However, I left the UN headquarters with a positive belief that if given time and encouragement, its accomplishments will become larger and more significant. This is not to say that the UN has not already been effective. The list of successful undertakings is already long. Dr. Wood can attest to the effectiveness of UNESCO and the UN technical assistance program.

There is also the Declaration of Human Rights which has been an important document that many countries have incorporated into their governments. Add to these the settlement of minor disputes between countries which could have become serious and the action in Korea and you have some of the advances.

I would like to mention two things regarding the UN and the United States. First, the United States is not paying practically all the operating expenses of the UN. This year we are being asked for 35.2 per cent of its budget. And in normal times, no nation is to pay more than one-third of the expenses. Secondly,

# Tweed Gallery, Hall, House Arts

By JOAN WORRALL

"Hello, this is the curator at Tweed Gallery. We ordered coffee to be sent up and it hasn't arrived."

"I'm sorry sir. We sent it to Tweed Hall."

This mistake is made often because few people realize that Tweed Hall and Tweed Gallery are two different buildings. Tweed Hall houses the art classes while the gallery features exhibits.

In 1907 a Mr. Cotton authorized the building of what is now Tweed Hall. In 1909 the fire proof building, constructed of steel and cement, was finished. The Cotton family moved in and lived there for one winter. They then moved to New York, maintaining the home as a summer residence. During the years 1915 to 1940 Mr. Carl Anderson was caretaker of the home. He realized that when the Cotton's came back for the summer there were generally four or five servants to care for the house. In 1940 the house was sold and Mr. Anderson left, but in 1944 he returned. This was the year the George P. Tweeds purchased the house and gave it to the State Teachers College. The basement, second and third floors have been converted to classrooms, while the first floor has been maintained as a reception room. The heavy beamed ceilings, the beautiful carpets and massive furniture lend a note of elegance and beauty seldom found today.

While the first floor maintains itself with dignity the other floors have taken on a very different aspect from their original form. In the basement one sees students with their sleeves rolled up and elbow deep in clay. These are the sculptor and ceramics rooms, one the most popular classes in the art department. On the upper floors one finds a variety of classes including drawing, painting, art history and art education. This past quarter special interest has been shown in the water color class. Seventeen adult specials have been registered. As a result one may see easels set up in the halls, spare rooms and studios.

Just two years ago the Tweed Home at 2531 East Seventh and the notable Tweed collection were given to the University by Mrs. George P. Tweed as a memorial to her husband. It was

WORK WANTED—Mrs. William Moultrie, 2107 East Fifth Street, would like to do typing for students or faculty. Contact Mrs. Moultrie at the above address or call 3-6457.

converted into a permanent gallery and art center—the only facility of its kind in Northern Minnesota. It features a monthly changing exhibition which ranges from modern home furnishings to masterpieces. Another feature is the Object of the Month, which brings a picture borrowed from nationally famous collections. The gallery is open every day except Monday.

For those of you who have had no art training the gallery offers a fine opportunity to become acquainted with the collections of your choice. The pictures are displayed in a very comfortable room, literature is supplied and you are allowed to wander for as long as you wish. It is an opportunity which you cannot afford to overlook.

## Peggy Woods, Carmen Kehtel Named UMD Delegates to National Conclave

BY MARY LEE HUSEBY

"California, Here I Come!" is probably the tune you may hear Peggy Woods and Carmen Kehtel humming these days as they envision themselves basking in California sunshine, far away from northern Minnesota's cold weather.

Elected to represent UMD at the National Women's Athletic Association convention, March 25-28, Peggy and Carmen will make the trip with the Minnesota delegation to Lincoln, Nebraska. From there a special bus, chartered by the University of Nebraska, will take them to Stanford college in Palo Alto, California.

At Stanford, representatives from colleges and universities throughout the United States will hold their conclave, the purpose of which is the mutual exchange of ideas and information and to establish nationwide development of fundamental ideas set forth by this national organization.

The Villa St. Scholastica was the scene of varied activities of sports last Saturday as WAA members in this area gathered for a day of fun. A most successful day was reported by all.

Superior State will soon be the scene of a basketball game between the UMD and Superior State WAA teams. Plans are being made for a home-and-home series with the Yellowjackets.

A close battle looms in the WAA basketball tournament with four teams going into the home stretch of tournament competition. Audrey Holmes' team still rules as favorites as they sport an unblemished record of four wins and no losses. However, close behind is Peggy Woods' aggregation with a 3-2 record. In third place is Dorothy Lofgren's team and in the cellar are Beatrice Brune and her teammates.

An active spring quarter is indicated by the WAA calendar of events. The usual schedule of activities will include the high school playday, state playday and the annual award banquet.

## Bulldog Cagers Name MIAC All-Opponent Team

Hamline's conference champions placed three players on the MIAC All-Opponent team selected by the 13 members of the UMD basketball team.

The Bulldogs, who were defeated twice by the Pipers, 69-63, and 94-73, named Jim Fritche, Lloyd Thorgaard, and Paul Smaagaard on the All-Opponent squad.

Only unanimous choices, however, were Pat Costello, St. Mary's, the loop scoring leader; Johnny Burger, Macalester; and Don Reimer, Augsburg.

Burger is a graduate of Gilbert high school as are Chuck Hiti and Mark Vukelich.

Other players named by the cagers were Bill Christopherson, St. John's; Johnny Hislop, St. Thomas; and Jim Springer, Gustavus Adolphus.

## INTRAMURALS

By RON JACOTT

The intramural basketball schedule, which is almost completed, will be climaxed by the choosing of all-star teams next week.

Three all-star teams will be named—one from each of the three leagues. According to intramural director, Ralph Nueses, the all-stars of League II and League III will meet, with the winner playing the League I all-stars. League I is supposedly the toughest league.

The standings now find the Bulldogs and Shysters tied for the lead in League I.

As of last week the Bulldogs and Shysters were tied for the lead in League I. Playing for the Bulldogs are Joe Schroeder, Dave Erholtz, Howie Tucker, Ed Clark and Ron Casadont. Comprising the Shysters roster are Hank Eliason, John Lindell, Bill Anderson, George Stoltz and Jack Hautalouma.

There was a three-way tie for the lead in League II last week between the Scrubs, the Tap Room 5 and the Has Beens. The "Frat Brats" of Gamma Theta Phi were the sole leaders of League III.

Intramural basketball has come along considerably in the last couple of months since Neues took over, but Ralph wishes that more students would get interested and take part in intramural activities.

# UMD Bulldogs Trampled by Pipers; Finish Season With 8-8 League Slate

The UMD Bulldogs wound up their 1952-53 season last Saturday on the losing end as Hamline's Pipers won their seventh straight MIAC title and 17th in 26 years with an overwhelming 94-73 win over Coach Joe Gerlach's battling cagers.

The largest crowd of the season, 2,017, saw the tilt at the Duluth national guard armory.

The defeat left UMD with an 8-8 conference record and 12-11 in over-all play.

Dick Hill, who had been a valuable cog in the nip-and-tuck game at Hamline which UMD lost, 69-63, did not play because of injuries suffered in the Augsburg game. Without Hill, the Bulldogs were unable to compete with the taller Pipers in the rebound department.

Coach Joe Hutton floored three starters, Jim Fritsche (6'7"), Paul Smaagaard (6'6") and Bob Gussner (6'6"), who are taller than Mark Vukelich who stands 6'5". This difference in height told the story of the game.

Fritsche, who had been held to 11 points in the initial outing, broke loose for 28 counters

as UMD was unable to stop the Piper's All-Conference ace and former All-State cager from St. Paul Humboldt.

Three other Pipers, Lloyd Thorgaard, Gussner and Smaagaard tallied ten or more points, scoring 21, 15, and 13, respectively.

Chuck Hiti and Mel Koivisto were stand-outs for the Bulldogs, Hiti potting 19 points and Koivisto 17. Hiti finished the season with an average of 19.1 points per game in conference play while Koivisto finished with 9.9.

UMD gave Hamline a tussle in the first half, trailing by only 26-19 at the quarter and 46-39 at the intermission, but the Pipers broke the game wide open in the second half.

The Bulldogs led twice in the first canto, 13-11, and 14-13, and knotted the score four times at 2-2, 7-7, 11-11, and 13-13, but Hamline grabbed the lead for good at 15-14.

Hiti garnered five points in the first period and Koivisto and Vukelich four each.

Hamline grabbed a 12-point advantage early in the second

period and maintained it until late in the chapter when the Bulldogs tallied five straight points after trailing, 46-34. John McKeag and Hiti scored, McKeag tallying two field goals.

The second half was all Hamline as the Pipers stretched their lead to 18 points, 73-55, at the end of the third quarter.

Both clubs played on even terms in the last period as Hutton emptied the bench of reserves.

Twelve Bulldogs saw action as Gerlach relieved his starters in the final period.

## SPORTS HIGHLIGHTS

BY DICK SIPOLA

Now that the basketball togs are packed away for another season we have a chance to look at our season's record and make a few comments. The Bulldogs played better than .500 ball as they compiled a 12-11 season's record and an 8-8 conference record. The UMD squad was hard to beat at the armory and lost a majority of their games on the road. High spot of the season for Bulldog fans was probably the 89.62 pasting of Gustavus Adolphus. The final game against Hamline was rather demoralizing as the sky-scraping Pipers had things their own way. As for next season's chances, Coach Gerlach doesn't have to be to pessimistic. With only Don

Weaver and Dick Hill departing he will be able to floor practically the same squad. All in all it was a fine season. The team compiled a respectable record and the fans were out to see them do it. We can all look forward to more of the same next season.

Hats off to our hockey squad! Paced by freshmen, Coach Ed-doll's sextet skated to a tie for the conference crown with St. Thomas. The Bulldogs, who finished the season with a 12.3 record, lost only one conference game, and that to St. Thomas. the other two losses were to Michigan Tech and the Golden Gophers. MIAC hockey isn't emphasized as it should be, considering the cold climate and all of the fine talent available in the state.

The lure of that green stuff has certainly been felt in athletics in the United States and elsewhere. Everybody wants to be a professional in his particular sport. We see by the papers that Bud Grant, former Superior Central and Minnesota football and basketball star, has been lured to Canadian pro football. Last year Grant starred with the Philadelphia Eagles and was the National Football League's second ranking pass receiver. Despite this fact, the Eagles were unable, or rather unwilling, to match the offer given Grant by the Canadian team. Bevo Francis wants to be a pro basketball player when he graduates from Rio Grande College. We believe that he won't make it. Just a hunch.

## Bulldog Statistics

In painting class the rule is this:  
You'll never find a flaw  
If like a Lucky Strike you're free  
And easy on the draw!  
Richard H. Brennen  
University of Pittsburgh

I like a boy who's lots of fun—  
On this you can rely;  
There's something else I also like—  
A Lucky smoking guy!  
Carolyn Weckel  
Oklahoma University

**Nothing-no, nothing-beats better taste**  
**and LUCKIES**  
**TASTE BETTER!**  
**Cleaner, Fresher, Smoother!**

Ask yourself this question: Why do I smoke?  
You know, yourself, you smoke for enjoyment.  
And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother!  
Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette... for better taste—for the cleaner, fresher, smoother taste of Lucky Strike...

**Be Happy-GO LUCKY!**

Freshman Doakes is campus king—  
An honor key he's wearing;  
He won it proving Luckies best  
By tearing and comparing!  
Arthur Distasio  
Northwestern University

**LUCKY STRIKE**  
IT'S TOASTED  
CIGARETTES

## COLLEGE STUDENTS PREFER LUCKIES IN NATION-WIDE SURVEY!

Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette by a wide margin. No. 1 reason—Luckies' better taste. Survey also shows Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.
